Overview

Founded in 2012, Soldiers Security Protection Inc. is a minority, veteran owned security services company. Chief of Security (COS), Jose Sanchez, is experienced and decorated in Military and protection services. He served in the U.S. Army and was highly trained in observation, detection, monitoring and risk management assessment. A criminal justice major, Jose has completed a bachelor of science from University of Phoenix. Our organization has partnered with law enforcement, legislators and academic professors to stay abreast of all current and pending federal, state and local laws. Our goal is to provide highly trained, highly knowledgeable security and protection services that would positively impact our clients and the community.

Our Mission

To deliver a full suite of security services including Security Escorts, Patrol Services, Personal Protection Services, and Security Officer Training. Our clients can be confident our associates will be professional, ethical and knowledgeable in law enforcement tactics. Our duties are performed in manner by which our presence is known yet not intrusive. We value ongoing and constant communication with our clients. Our core values are:

Integrity: Most companies promise it, few deliver it. We understand that integrity means taking the initiative to assess a need, generate a constant plan and provide a cost-effective solution for our client.

Knowledge: Our clients have come to rely on our solid knowledge base of federal, state and local laws. We are committed to continuous learning on the nuances of laws and their enforcement in an effort to serve our clients at the highest capacity.

Credibility: Credibility is a non-negotiable facet of our organization. It is a top priority for management. Credibility is earned and maintained through consistent communication. Management, staff and clients discuss the ongoing challenges of protection services.
